riconosciute dal Ministero dei Beni Culturali ed Ambientali
"Riviste di elevato valore culturale"/
International Reviews medico-surgical sciences,
considered of "high cultural value" by Beni Culturali e
Ambientali Ministry

Vs. rif.....

Prot. N.....

"It has been brought to our attention that the article, "Resistance training improves gait kinematics in persons with multiple sclerosis," by Gutierrez et al, published in the *Archives of Physical Medicine and Rehabilitation* in 2005 (Vol. 86[9], pp1824-1829) was plagiarized in the article "Gait Kinematics and Resistance Training in Multiple Sclerosis," by Coco et al, which was published in *Acta Medica Mediterranea* in vol.23, n.1/2007 pag.35. We have, therefore, retracted the article by Coco et al. and are publishing this notice.
